ELEVATING THE CHAMPIONS OF FREE
ENTERPRISE

2020 ANNUAL REPORT | TEXAS SECURITY BANKSHARES, INC.

COURAGE

If ever a year demanded courage, it was the one we just endured. Faced with unprecedented challenges, business owners had to muster the utmost bravery to ensure the survival of our enterprises. Yet the fittest of us emerged stronger than ever. With keen vision and innate adaptability, we demonstrated the qualities that make the Champions of Free Enterprise a different breed: strength, courage and the power to overcome whatever impedes our progress. So we move ahead, always in sight of the next opportunity.

Dear Fellow Shareholders,

One year ago I wrote to you regarding the unprecedented challenges presented by the environment, in all respects, that Texas Security Bankshares (the "Company") and its subsidiary Texas Security Bank (the "Bank") were facing. I declared to you that the Bank was fundamentally prepared. We were. However, I did not anticipate that 2020 would be the best financial performance year in the Company's history. It was. The strategic positioning of the Company combined with the resiliency of the Company's employees, the agility with which we dealt with the Paycheck Performance Program ("PPP") opportunities, and our focused effort on our core business produced earnings per share of \$2.65, an increase of 24% over 2019 and the Company's highest level ever.

2020 was a remarkable year. In the face of the pandemic and government shutdowns, unprecedented job losses, social unrest, and political turmoil, we produced solid core asset growth and maintained excellent credit quality. Net income of \$8.6 million represents a \$1.7 million increase, or 24%, over 2019, while including \$2.4 million of additional provision for loan losses ("Provision"). The Provision in 2020 was driven by the general economic qualitative factors in our reserve calculations rather than deterioration of our loans. The Bank's core loan growth was strong, increasing \$194 million year over year, including \$138 million of PPP loans as of year-end (down from a peak of \$246 million); thus, core business loans grew \$56 million.

Credit quality remains strong. The Bank had no charge-offs in 2020, had zero non-performing loans at year-end, and had reserves of 1.25% of total loans and leases (1.59% after adjusting for PPP loans, which are fully U.S. Government guaranteed). Core earnings (pre-tax, pre-provision earnings) increased to \$13.2 million from \$9.8 million, a dramatic increase of 36% over 2019. Return on average assets of 1.07% was lower due to the Capital Optimization Strategy ("COS") we deployed in 2020; however, the COS contributed to the Company's improved return on average equity of 13.8%, up from 12.7% in 2019.

Total assets grew to \$872 million, up from \$564 million at year-end 2019, an increase of \$308 million. A portion of this growth, \$117 million, reflects the full implementation of the COS. The objective of this strategy is to utilize capital above regulatory requirements to generate additional income through high-quality investment securities of up to \$200 million. The growth of our primary asset base of commercial and industrial and owner-occupied commercial real estate loans will replace the COS investment securities over the next two to three years.

Our outlook is very positive. We are focused on opportunities that have arisen thus far in 2021, including funding another round of PPP loans. Amid all the challenges of 2020, we successfully implemented our new customer-facing online banking system, which will further benefit our customers through increased service and treasury management capabilities this year and beyond. We expect to continue the momentum with which we ended 2020, and we look forward to producing exceptional results in 2021 while continuing to enhance the lives of the Company's stakeholders.
