Message From President and CEO

Dear Shareholder,

Regarding 2021, I can simply say it was a remarkable year! Last year was a record year in many respects. The Paycheck Protection Program income and our performing loan portfolio, which is above 70%, have increased our revenue. Loan quality improved, interest income increased, and our Interactive Teller Machine/ATM fleet performed well. Our call center has become a mainstay for after-hours service and has received exceptional customer reviews.

First Community's brand and stature in the community continues to grow and is second to none in our market. The bank is often recognized and receives accolades regarding our services and delivery platforms. Make no mistake, the culture among the organization is that of a winner. Our institution is well recognized as a bank with a "can do" attitude.

Our employees continue to amaze me with their dedication to the bank. Their ability to service customers with an array of products and services offset by managing risk is simply remarkable. We have tenured employees who strive to be the best and it shows. Banking is complicated, to say the least, and our employees strive to work through thousands of regulations while keeping the bank safe and sound. It's not an easy task, and I thank them every day for their efforts.

The bank is positioned well financially in today's fluid market. Capital is strong, loan demand is solid, and we have had a steady growth in both capital and total assets. There are challenges in our future with storm clouds on the horizon. Some challenges we can control and some we simply must hang on for the ride. What gives me comfort is our employees—tenured, seasoned, focused and razor-sharp. Our team is always looking for risks and issues that would affect the bank.

Last year in this review, I began discussing the potential for a repeat of the "Roaring 20s". I had no idea that we would be facing uncertain political landscapes, world issues, inflation, stagflation, conflict, cyber security, and other threats in 2022. We faced 9/11, the war in Afghanistan and other national crises, and we will face this year's issues as well.

Storms come and go, cycles come and go, and I'm confident that the challenges we face this year will be met head-on with our team of seasoned barkers.

Regards,

Wes Hoskins

Biblical references to "sowing and reaping" seem particularly appropriate to your First Community Bank's fiscal year 2021 performance. As a result of the world-wide COVID-19 pandemic, the bank's nationwide undertook the monumental task of providing emergency relief loans to business customers through the Small Business Administration (SBA) Paycheck Protection Program (PPP) during fiscal year 2020. And First Community Bank was no exception as your community bank initiated a combined total of more than 845 loans totaling $107,300,000 between the PPP1 and PPP2 initiatives (yes, there were two separate issues of PPP loans). These loans contributed mightily to many of the bank's local business customers' ability to continue as going concerns during the shut down period of the pandemic. Furthermore, the addition of these loans during fiscal year 2020 helped set the stage for an unprecedented revenue producing year in 2021, i.e., the seeds were planted ("sown") during the prior year and your community bank was able to reap many of the financial benefits in 2021.

During 2021, your First Community Bank's deposits increased $82,000,000 or approximately 18 percent as the bank continued to attract additional depositors (the Premont branch opened in late 2020) and government stimulus (PPP and pandemic relief funds) were parked within the bank. Additionally, it should be noted that $70,400,000 of 2021's deposit growth was in noninterest-bearing deposits which was a major factor in the bank keeping cost of funds in check. As a result, your community bank's total deposits reached a historic high of $542,455,000 as of December 31, 2021. This significant deposit increase produced a like amount of asset growth as the banks overnight funds account(s), bank investments and loans grew by 274 percent, 33 percent, and 2 percent, respectively. Finally, the previously mentioned changes produced a total asset increase of about 16 percent to $605,198,000 as of December 31, 2021 compared to total assets of $522,888,000 as of fiscal year end 2020.
In relation to revenue and expenses, the continued low interest rate environment because of the pandemic induced economic slowdown and Federal Reserve open market activities caused interest rates to remain at historic low levels during all of 2021. Under ordinary circumstances this type of rate environment would be exceedingly difficult for banks such as First Community. However, and this is where the reaping of the PPP loan seeds mentioned above came into play, as First Community was able realize fee income as PPP loans were “forgiven” by the Small Business Administration. As a result of this loan forgiveness, First Community Bank was able to book $2,690,000 in fee income during 2021 which added mightily to the bottom-line. Furthermore, the combination of the bank’s declining cost of funds coupled with the sheer volume of earning asset growth during the year produced total interest income of $26,852,000 during 2021 compared to $23,847,000 in 2020; nearly a 13 percent increase year over year. Also, as mentioned earlier, extremely low interest rates contributed to interest expense declining by $371,000 in fiscal year 2021 to $949,000. The combination of higher interest income and lower interest expense combined to engineer a $3,376,000 increase in net interest income compared to 2020; from $22,527,000 to $25,903,000 through 2021. Fortunately, the PPP fee income mentioned previously was more than enough to compensate for a slight decline in non-interest income during the year as this amount ebbed by $305,000 as mortgage activity waned during the latter half of 2021 with a rise in market rates. Non-interest expense did climb from $20,103,000 to $21,569,000 primarily due to higher personnel, business development and computer/information technology costs; however, not enough to significantly affect the bank’s bottom-line.

The improvements noted immediately above in relation to interest income and a curtailment of interest expense were the principal factors which drove your First Community Bank’s net income to $8,042,000 during fiscal year 2021. This was a jump of $1,576,000 when compared to 2020's net income level of $6,466,000, or approximately a 24.4 percent increase; impressive for a community bank. This level of net income resulted in an overall return on assets (ROA) of 1.44 percent, which ranked the bank in the top one third of similarly sized financial institutions nationwide.

Compared to year end 2020, First Community Bank’s total stockholders’ equity had increased by $3,382,000, or 6 percent to $61,711,000 as of December 31, 2021. Furthermore, your community bank’s strong income growth helped to fuel a return on equity (ROE) of 13.23 percent which was the banks best performance since fiscal year 2016; by way of comparison similarly asset sized banks averaged 12.18 percent ROE during 2021. Finally, First Community Bank’s total equity was 10.20 percent; this was well above the regulatory requirements and higher than the nationwide peer average of 9.80 percent. This strong level of capitalization included $4,100,000 in dividends paid during 2021, which was an increase of $1,700,000 over fiscal year 2020. 2021 was a very impressive year by your First Community Bank and as a result, Coastal Bend Bancshares, Inc.
