Note: The security holders and share counts listed under 3(2)(a) through 3(2)(c) are based on data collected throughout the fiscal year. The share counts and corresponding equity ownership and voting power percentages represent the largest holdings held at any point throughout the fiscal year.

1 Shares of our Class A common stock subject to options or restricted stock units that are currently outstanding as of December 31, 2021, are deemed to be outstanding and to be beneficially owned by the person holding the option or restricted stock unit for the purpose of computing the percentage ownership of that person but are not treated as outstanding for the purpose of computing the percentage ownership of any other person.

2 Percentage of total voting power represents voting power with respect to all shares of our Class A common stock. Holders of Class A common stock are entitled to one vote per share and vote together as a single class on all matters submitted to a vote of stockholders, subject to certain exceptions or unless otherwise required by law. For the purpose of computing the percentage of total voting power, the number of outstanding shares of Class A common stock is reduced by the number of shares that may not be voted by stockholders who are subject to a voting limitation contained in our certificate of incorporation.
