

Stock Prices

Stock prices of companies with a significant presence in San Antonio surged 8.9 percent from April 24 to May 22, reaching an all-time high. This compares with a 3.4 percent increase in the S&P 500 over the same time (*Chart 6*). Growth continues to be led by energy-related firms, particularly refiners. Financial and manufacturing firms also saw healthy gains, while retailers and communications companies had mixed performances.
