

Stock Prices

Share prices of companies with a notable presence in San Antonio saw a substantial drop of 6.9 percent from July 22 to Aug. 16 (*Chart 6*). The S&P 500 Index decreased 3.2 percent during the same period. Performance was mixed across industries. Manufacturing firms saw stock prices rise. Companies associated with food services and communication had mixed performances, while those related to the energy sector, especially firms within exploration and production, saw large declines. Stock prices of firms in the financial sector also dropped.
